

17th September 2019

You are summoned to attend a meeting of the PLANNING COMMITTEE, to be held at 7pm in the Council Chamber at the address below on **Monday 23rd September 2019**.

Town Councillors are reminded that they have a duty to state a Declaration of Interest prior to the appropriate agenda item and to consider the Crime and Disorder Act 1998 s.17 when reaching a decision.

Please note that the proceedings of this meeting may be recorded in line with regulations set out in the Openness of Local Government Bodies Regulations 2014. A copy of Sevenoaks Town Council's procedure for the recording meetings is available online at sevenoakstown.gov.uk or by request. Members of the public addressing the Committee but not wishing to be recorded should put this request to the Clerk at the earliest possible opportunity.

Town Clerk

Committee Members

Cllr Bonin
Cllr Busvine OBE
Cllr Camp – **Chairman**
Cllr Canet
Cllr Clayton
Cllr Eyre
Cllr Granville-Baxter
Cllr Hogarth

Cllr Michaelides
Cllr Morris Brown
Cllr Mrs Parry
Cllr Parry
Cllr Piper – **Vice Chairman**
Cllr Raikes
Cllr Shea
Cllr Waite

PUBLIC QUESTION TIME

To enable members of the public to make representation or to put questions to the Committee on any planning matters, with the exception of individual planning applications which will be considered under a later agenda item.

AGENDA

- 1 APOLOGIES FOR ABSENCE
To receive and note apologies for absence.

Town Council Offices
Bradbourne Vale Road
Sevenoaks Kent TN13 3QG

tel: 01732 459 953 fax: 01732 742 577
email: council@sevenoakstown.gov.uk
web: sevenoakstown.gov.uk

2 REQUESTS FOR DISPENSATIONS

To consider written requests from Members which have previously been submitted to the Town Clerk to enable participation in discussion and voting on items for which the Member has a Disclosable Pecuniary Interest. (s.31 & s.33 of the Localism Act 2011)

3 DECLARATIONS OF INTEREST

To receive any disclosures of interest from Members in respect of items of business included on the agenda for this meeting.

4 MINUTES

To approve and sign the minutes of the Planning Committee meeting held on 9th September 2019.

5 SEVENOAKS DISTRICT LOCAL PLAN: INFRASTRUCTURE DELIVERY PLAN (IDP) MARCH 2019

To receive and note Sevenoaks Town Council's comments on the (previously distributed) March 2019 edition of the District Council's Infrastructure Delivery Plan.

6 YEARS ONE AND TWO FORWARD PLANNED WORKS PROGRAMME (2019/20 – 2020/21)

(a) To receive and note the email received from Technical Support Officer Abbie Mitchell at Kent Highways (5th September 2019) regarding the Forward Planned Works Programme for 2019/20 and 2020/21.

(b) To receive and note a copy of the August 2019 issue of the Programme, which includes details for Sevenoaks District on pages 41-45 (pages 53-57 of this agenda).

7 PLANNING APPLICATIONS

(a) The meeting will be adjourned to enable members of the public, by prior arrangement, to speak on individual planning applications which are on the current agenda.

Members of the public wishing to speak and address the Planning Committee must register to do so with the Town Council by 12 noon on the date of the meeting, stating that they wish to speak.

(b) The meeting will be reconvened to consider planning applications received during the two weeks ending 17th September 2019.

8 PRESS RELEASES

To consider any agenda item which would be appropriate for a press release.

Minutes of the PLANNING COMMITTEE meeting held in the Council Chamber, Town Council Offices, Bradbourne Vale Road, Sevenoaks, on Monday 9th September 2019 at 7.01pm.

Present:

Committee Members

Cllr Bonin	Present (arrived 7.18pm)	Cllr Michaelides	Present
Cllr Busvine OBE	Apologies	Cllr Morris Brown	Apologies
Cllr Camp - Chairman	Apologies	Cllr Mrs Parry	Present (left 7.17pm)
Cllr Canet	Present	Cllr Parry	Present
Cllr Clayton	Present	Cllr Piper – Vice Chairman	Present
Cllr Eyre	Present	Cllr Raikes	Present
Cllr Granville-Baxter	Present	Cllr Shea	Present (arrived 7.04pm)
Cllr Hogarth	Present	Cllr Waite	Present (arrived 7.16pm)

Also in attendance:

Town Clerk
Planning Assistant

PUBLIC QUESTION TIME

None

255 **REQUESTS FOR DISPENSATIONS**

No requests for dispensations had been received.

256 **DECLARATIONS OF INTEREST**

None

257 **DECLARATIONS OF LOBBYING**

None

258 **MINUTES**

The Committee received the minutes of the Planning Committee meeting held on 27th August 2019.

RESOLVED: That the minutes be approved and signed.

259 **PROPOSED NEW WATER MAIN FOR SEVENOAKS: ANNOUNCEMENT OF ROUTE**

(a) The Committee received and noted invitations from South East Water to the following events on Thursday 12th September 2019, at which the preferred route for the new water main would be announced:

- Briefing Session at Donnington Manor Hotel (11am – 2pm)
- Public Exhibition Session at St Nicholas Church Undercroft (4pm – 7pm)

(b) It was noted that the above invitations had been previously circulated to Councillors via email.

- The following Councillors had places booked to attend the Briefing Session at Donnington Manor Hotel:

Cllr Bonin
Cllr Dr Canet
Cllr Clayton
Cllr Mrs Parry
Cllr Parry

- Some Members had already indicated that they would be attending the Public Exhibition Session at St Nicholas Church in the evening.

260 11TH RAIL SUMMIT

(a) The Committee received and noted the invitation from Kent County Council to attend the 11th Rail Summit:

Date: Tuesday 15th October 2019
Time: 18.00
Venue: The Council Chamber, County Hall, Maidstone ME14 1QX

(b) The following Councillors were nominated to attend:

Cllr Dr Canet
Cllr Clayton – Also as Chairman of Sevenoaks Rail Travellers’ Association (SRTA)
Cllr Parry

Informative: It was requested that members attending the Summit raise the issue of whether local tunnels, including Polhill, have the capacity to cope with the increased rail traffic that will result from population growth associated with projected housing development. To report back to Committee.

261 PLANNING APPLICATIONS

- a) No members of the public had registered to speak on individual planning applications.
- b) The meeting was reconvened and the Committee considered planning applications received during the two weeks ending 3rd September 2019. **It was RESOLVED that** the comments listed on the attached schedule be forwarded to Sevenoaks District Council.

262 PRESS RELEASES

None.

Finished: 7:37pm

Signed
Chairman

Sevenoaks District Council infrastructure Delivery Plan

https://www.sevenoaks.gov.uk/downloads/file/1560/ins001_sevenoaks_district_infrastructure_delivery_plan_march_2019 - **Comments from Sevenoaks Town Council**

	Document Reference	Text	STC Comment
1			Will Town and Parish Councils be formally consulted on the document?
2	Pg. 28	Up to 1,287 new dwellings would generate up to 360 primary pupils. Requirement for up to 1.7 FE additional provision to meet the demand generated by planned development. Suggestion that a new primary school could be provided within any future development of the Sevenoaks Quarry Site (ST2-13)	STC had stated in its Northern Sevenoaks Masterplan / NDP that there would not be enough space for both the new dwellings and a new primary school. STC's NDP recommended that a primary school was built within the site of Knole Academy.
3	Pg. 41	Cycle route – Otford to Sevenoaks Included in Sevenoaks Cycle Strategy and provides a useful link between the two communities.	STC need to note details in its NDP. No mention of recommended cycle path between Dunton Green and Bat & Ball. Enabling two communities to access different railway lines and easing traffic congestion at Rye Lane, Riverhead junction, Bat & Ball Junction.
4	Pg.27	Youth Service Facilities – Sevenoaks area Enhancement of existing facilities to accommodate demand generated by development.	Noted 'existing facilities'

5	Pg. 7	Blue Green Infrastructure	No mention of additional allotment provision for Bradbourne Vale Road.

Subject: Years One and Two Forward Works Programme (2019/20-2020-21)

Good morning,

As you may recall earlier this year we produced and circulated an Interim Forward Works Programme covering planned works on the highway network over the first part of 2019/20. This was done because, as Kent County Council had agreed a substantial increase in the budget for planned highway works over the next three years, we were still in the process of identifying and designing schemes for inclusion in our full Year One to Two (2019/20-2020/21) and Year Three to Five (2021/22-2023/24) programmes.

We have now – thanks to the asset managers and their teams - produced our full Years One and Two (2019/20-2020/21) Forward Works Programme, and I attach a copy of it for your information. The programme is also available for public viewing on our website:

https://www.kent.gov.uk/data/assets/pdf_file/0011/94574/Highways-planned-works-programme.pdf. We are currently working on our Year Three to Five (2021/22-2023/24) Forward Works Programme, and plan to publish this later this year.

If you have any questions, concerns or comments then please do not hesitate to contact us for further information.

Thanks,

Kind Regards,

Abbie Mitchell | Technical Support Officer (Road and Footway) | Highways Asset Management | Kent County Council | Ashford Highway Depot, 4 Javelin Way, Henwood, Ashford, Kent TN24 8AD | External: 03000 418181 | www.kent.gov.uk/resurfacing |

[Page deliberately left blank]

Asset Management in Highways

Forward Planned Works Programme

2019/20-2020/21

Sevenoaks Town Council Planning Agenda 2019 09 23

Introduction

This is the programme of planned highway maintenance works which we intend to carry out on the highway network during 2019/20-2020/21, and supersedes the interim programme covering the first part of 2019/20 which we published in April 2019. However, it remains a live document: as it is being published some months into 2019/20 some schemes will already have been delivered, whilst for some asset groups the programme for 2020/21 is still being developed. It is thus likely that we will publish an updated version of this programme later this year.

This programme is subject to regular review and may change for a number of reasons including budget allocation, contract rate changes, and to reflect KCC's changing priorities. The programme and extent of individual sites within the programme may also be revised following engineering assessment during the design phase.

The forward planned works programmes are put together based on the approach to asset management set out in our documents [Developing our Approach to Asset Management in Highways](#) and [A Risk Based Approach - Service Level Risk Assessments](#).

A further programme, covering in outline the maintenance work which we intend to carry out on the highway network during 2021/22-2023/24, will be published later this year. Both the Year One to Two and Year Three to Five programmes will be reviewed and re-published annually.

Kent County Council has significantly increased its planned maintenance budget for the next three years, for example doubling road maintenance, trebling footway maintenance and a significant increase in crash barrier renewal.

Notes on the information included in our programme

Roads

- Surface preservation involves repairing and treating roads to improve their quality and extend their useful life before they need renewing or reconstructing. We may apply one or more coats of a cold-laid surface treatment material (micro surfacing) or of bitumen and chippings (surface dressing), or we may recycle and re-lay the existing surface material before applying a surface treatment (retread).
- Road renewal describes the range of responses we may use when the surface or sub-surface layers of a road have deteriorated to the point that they need to be replaced. On asphalt roads where only the top layers are affected, we remove the existing surface by machine, a process known as milling. We then use a mechanical sweeper to ensure that the prepared surface is free from dust and debris. Finally, we lay the new surfacing material in either one or two layers using a machine called a paver, and compact the new surface with a roller. Where lower levels

of a road have also deteriorated, we may fully or partially reconstruct the road. On concrete roads we may carry out localised concrete repairs or replace full sections, and only overlay them with asphalt when this is necessary for engineering reasons.

- Retexturing is carried out where surveys indicate that the texture of the road is starting to deteriorate, and involves treating the road surface to restore its texture and grip.

Footways

- Footway preservation is used where small defects are starting to show, and we wish to treat them now to seal the surface, preventing further deterioration and restoring the condition and appearance of the footway. It involves preparing the footway surface and applying by hand or two coats of a cold-laid surface treatment material, a process known as slurry sealing.
- Footway reconstruction involves removing and replacing at least the walking surface and sometimes deeper layers of the footway, and may include renewing kerbs and/or edgings. In some locations this may mean we are renewing damaged paving slabs or replacing slabs with an asphalt surface.

For more information about how we look after roads and footways, please visit [Kent County Council's website](#).

Street Lighting

- This year we reached a major milestone in our ambitious LED street light conversion programme. Work started on the £40 million scheme in March 2016 and in May 2019 reached its original target of 118,000 lights converted. While the main project is completed, we are continuing work which aims to complete the conversion of all remaining KCC-owned lights by winter 2019. This work includes lights that have just been adopted by KCC or where there has been engineering challenges and access issues to our equipment.
- The replacement of KCC's concrete street lighting columns was substantially completed at the end of July 2019 with the exception of those where there are access issues. These are being re-programmed and it is anticipated that these will be completed by the end of October 2019.
- Generally, the replacement of street lighting columns is based on the results of structural testing which is carried out each year. Due to the high numbers that are likely to be replaced across many locations, it is not possible to provide a detailed schedule of works.
- In 2019, illuminated signs are being reviewed with a view to de-illuminating signs where permissible and replacing those that are required to remain illuminated but have failed a structural test. Electrical testing of illuminated signs is also being carried out and remedial work will be carried out where electrical defects are identified.

Traffic Signals

- The need for planned work on traffic signals is based on an assessment of the equipment's age and the number of faults which have been reported during the past two years.
- The programme of planned work on traffic signals can be affected by the availability of spare parts, particularly for older equipment which is no longer manufactured.
- Work on traffic signals near development sites has not been included in the assessment as they may need alteration as part of the adjacent works.

Soft Landscape

- Grass cutting: urban areas are cut with a ride-on mower/trimmer. The cuttings are not cleared.
- Swathe cutting: a 0.9m wide strip next to the road or footway is cut with a tractor and flail. The cuttings are not cleared.
- Visibility cutting: the full width of grassed areas at junctions and bends is cut with a tractor and flail to maintain visibility.
- Shrub bed maintenance: the timing of this work depends on location. Beds are weeded and pruned, and self-seeded trees and litter removed.
- Urban hedge cutting: ornamental hedges are cut with a hedge cutter, and weeds, self-seeded trees and litter removed.
- Rural hedge cutting: the side of the hedge which faces towards the highway is cut with a tractor and flail cutter.
- Weed spraying: overgrown areas are sprayed with herbicide that kills all green vegetation. Weeds are swept up by the District Council.

Structures

- In addition to the works included in the programme, which covers the most significant and substantial works programmed for 2019/20 and 2020/21, we will be continuing to develop our programme of planned works and carrying out reactive works in response to enquiries and our ongoing programme of inspections.

Crash Barriers

- In addition to the works included in the programme, accident damage repairs are prioritised and carried out as either scheduled repair programmes or as separate urgent works.
