

Best Value Questionnaire on Street Lights Maintained by Sevenoaks Town Council

Sevenoaks Town Council is one of the larger Town Councils and we fall within the duties of Best Value legislation. One of the obligations is to carry out a review of our services every five years. This is the sixth year that Best Value has been operating and we are now starting on a review of street lighting.

Sevenoaks Town Council has responsibility for the maintenance and refurbishment of a certain number of street lights in private or unadopted roads in the town. The primary aim of the service is to ensure that the existing street lighting maintained by the Town Council is of a reasonable standard, to the satisfaction of Council Tax payers.
