Capacity-Future Need	Open access to enjoy informal recreation. Imperative that current open space is retained for general family activities	600	Studio full time	120	Likely to move to at least 5 Saturday men's sides	25-30	Need for at least one 3G pitch at Knole Paddock which the club can have free access and management thereof. Future need to expand Women's and Girl's Rugby, so we have our own teams rather than shared. Also, expansion of women's teams. Continued organic growth of the boys and men's game.	Prioritise Padel as is more accessible.2 additional courts, better facilities for juniors. See pg.25 of STSS Review 2024 questionnaire for full response	3-6 Padel Tennis Courts	Four to eight courts	The club requires surfaces to be delivered to a higher standard at the Paddock to support its ambition to be a centre of excellence for sport. Access to one floodlit all-weather rugby pitch, two high quality full-size grass rugby union pitches, two junior size grass pitches. See pg.36 of STSS Review 2024	More court availability for more sessions.

Audience - Current provision	N/A	100	N/A	Up to 100	130 senior members and 200 juniors	N/A	No fixed capacity but limited by access around pitch and Balcony	Balcony, clubhouse and terraces. Limited space. See pg.25 of STSS Review 2024 questionnaire for full response	none	None	Multiple facilities provided. See pg.36 of STSS Review 2024 questionnaire for full response	Very little.
Audience- Future Need	N/A	100	N/A	100	160 seniors and 250 juniors	N/A	TBC	Better viewing and more social space. See pg.25 of STSS Review 2024 questionnaire for full response	Undecided	Space around courts to view play. Show courts for tournaments.	We would value extending the kitchen space and the space behind the bar to deliver an improved Clubhouse experience for members and guests. We might also extend the Clubhouse out and across the car park yet leaving space below the extension for car parking. A temporary mini stand and dug out areas for coaches might also be beneficial.	Almost all school venues have little if any capacity for spectators.
Equipment - Current Provision	Hockey, bowling (indoor & outdoor), tennis only available through club membership or pay to use	Satisfactory for current membership	Various portable fitness equipment	Bowls; shoes	Members own their own equipment	N/A	All equipment (except from the floodlights, posts and pitch rails (is funded by the club and ranges from balls, cones, bibs, contact tops, tackle pads, tackle bags, post protectors and flags to gym equipment and scrum machines.	6 floodlit clay courts, 1 macadam court	Hire racquets	Rackets generally available to hire low cost of entry	Floodlights, Guard rails, storage unit, shed. See pg.37 of STSS Review 2024 questionnaire for full response	The facilities we use have baskets available.
Equipment - Future Need	Free access to activities for general public	More bowls, disability equipment, kitchen equipment	If I have a studio, permanently fixed equipment	No change	N/A	N/A	Portable floodlights and permission to use would enable better pitch management for what we do have for use by adults. But doesn't resolve the overarching pitch capacity/availability challenge.	Padel courts and additional tennis courts	None	New Padel centres must provide balls and rackets	Mobile floodlights to offer a full pitch of light and improved full-pitch coverage of floodlights on pitches beyond the training pitch. Fixed/better fixings for advertising banners. Electronic scoreboard. Additional story for junior rugby playing kit.	Facilities equipped with more baskets and baskets with adjustable heights.

Building-Current Provision	See above	Inadequate in many ways. Heating, carpeting, ceiling, roofing.	Hire Bat & Ball centre	Clubhouse; ladies changing room; men's changing room	Pitches at Sevenoaks Vine and Otford and artificial nets at Otford	Vine Baptist Church Hall & St Luke's Church Hall	Clubhouse available (also have storage shed)	Clubhouse offering basic kitchen and seating space, as well as toilets and a shower.	Café and changing facilities	None	The Clubhouse is a decent facility from a sports audience perspective, however there is inadequate disabled access and no separate disabled or gender-neutral toilet.	We use multiple venues, some in Sevenoaks town and some outside.
Building - Future Need	None	To make major alterations to the building, funding required.	Own studio	Enlargement	Grass nets at Otford and further ground	N/A	Kitchen capacity is potentially insufficient to meet future demands to cater for club events.	Increased social and viewing space.	Increased space for café and changing	Indoor facilities within Sevenoaks District.	Disabled access, disabled toilet and a gender-neutral toilet.	Purpose built community basketball (and multi-sport) facility and outdoor courts.
Changing Rooms-Current Provision	None	Ladies and gents changing room and locker room.	None	2- ladies changing room; men's changing room	Both clubhouses have changing rooms and showers	N/A	5 Changing rooms with 1 shared shower. Facilities not adequate for women and older age groups, needs maintenance. See pg. 22 of STSS Review 2024 questionnaire for full response.	Male and Female changing rooms below the clubhouse.	Men's and Ladies	None	5 changing rooms, showers require maintenance. See pg.38 of STSS Review 2024 questionnaire for full response	Adequate at current facilities.
Changing Rooms-Future Need	None	Current quantity and type OK.	If I have a studio, small space designated for this	Enlargement	N/A	N/A	Women and Girls' Specific changing and Shower Facilities.	More private changing space-cubicles within the changing rooms	Increase in space and quality	Only limited to small changing rooms as most players tend to shower at home.	A major upgrade of the changing rooms, enhanced showers and an extension that would present capacity to include female (girls and women) changing rooms, showers and toilets and accessible changing and toilet facilities.	All facilities used will require adequate changing facilities.
Disabled Accessibility-Current Provision	Accessible	Good disabled access. Parking, access ramps and lifts.	Full accessibility to venue	Assisted changing room; clubhouse & changing rooms	Ramp access at The Vine	Both venues on the ground floor	Ramp access to clubhouse on both levels.	Access to courts along the private road adjacent to the club. Currently no step-free access to the clubhouse.	Access to 3 tennis courts	None	See above.	We don't currently offer specific session for those with disabilities.
Disabled Accessibility - Future Need	N/A	Current provision good for the future.	Full accessibility to venue	No change	N/A	N/A	Disabled changing facilities, specific disabled bathrooms.	Ramp from car park to allow access to the clubhouse.	None	Courts and their surrounds should be designed to allow for disabled access.	See above.	The club is currently examining plans to start disability sessions.

Shared Use Facilities- Current Provision	Other than listed in 10 all have use of current facilities	Meeting rooms, lounge, changing rooms used by 200+, others.	Bat & Ball Centre	N/A	Vine Pavilion shared with hockey club	N/A	Football pitch shared with Orpington Ocelots; cricket squares not used to full potential. See pg.23 of STSS Review 2024 questionnaire for full response	Shared courts with Sevenoaks Tennis Centre and Lady Boswells Primary School. See pg.26 of STSS Review 2024 questionnaire for full response	None	None	Central pavilion offered for shared use and car park, which quickly fills on busy Saturday and Sundays to accommodate players and spectators- however access to the spillover small car park space within the Paddock environs is useful.	All of the facilities we use are shared use
Shared Use Facilities- Future Need	Limit facilities that require club membership and widen facilities for all	Current provision good for the future.	Own studio or continue Hire Bat & Ball Centre	N/A	N/A	N/A	Having a 3G on site would necessitate a change in respect of Cricket.	Improved changing space for juniors.	Changing rooms	Linking padel courts to existing clubs makes sense	Central pavilion would benefit from an upgrade/ refurbishment as it feels very tired and dated. The car park would value from a reconfiguration for diagonal parking bays and potentially and a storied car park.	We expect all facilities will be multi-use.
Do you use facilities outside Sevenoaks Town?	N/A	No	Yes, various community or school premises .	No	No	Yes: New Ash Green Village Hall, Basil Jellicoe Hall in Euston, London The Abbey Community Centre in Westminster, London East Finchley Methodist Church Hall, London	Ashford and Dartford Valley facilities used due to space shortage. Note importance of community engagement and benefits of sport. See pg.23 of STSS Review 2024 questionnaire for full response.	No	Kemsing Lawn Tennis club	We use the two courts at Tonbridge as these are the closest courts available to us. Our aim is to set up an indoor Padel club in the Sevenoaks District.	See above. In addition, naturally the Club will use facilities outside the Town when playing away fixtures.	Yes, we use multiple facilities elsewhere in Sevenoaks District, Tonbridge and Tunbridge Wells and are looking at using facilities even further away to meet demand.
